LAUGHTER THERAPY SHOWCASE AT RTC(O)

Dear Mr. Lawrence:

I would like to commend you on the lively, well prepared comedy showcase, provided to our patients at the Regional Treatment Centre (O) in Kingston, ON over the last couple of years. Our patients have very much enjoyed your interactive, entertaining show and, as "laughter is the best therapy", we are very much appreciative of your efforts.

Our Correctional facility is going through many changes over the next year and change can be quite stressful, especially for mental health patients. This is just what they need to brighten their month and I am sure it will be very therapeutic. February is a very dreary time of the year which makes your visit very timely as well.

If it is possible to have you continue your show when we are settled we will be happy to have you back.

Please accept our sincere thank you for your enthusiasm and professionalism while attending RTC as well as the consideration of customizing the show to meet our unique needs.

We wish you all the best in your future endeavors.

Marie Andree Drouin
Executive Director
Regional Treatment Centre (O)
